Mayor Kevin Faulconer
Councilmember Chris Ward
Planning Director Mike Hansen

Re: Bridge Shelter Relocation to Commercial Street and Imperial Avenue

Dear Mayor Faulconer, Councilmember Ward, and Director Hansen,

The Downtown Community Planning Council (DCPC) is the City Council recognized Community Planning Group for Downtown. The referenced project is in our East Village Neighborhood. I am concerned that DCPC was not noticed, advised, or included in the planning or decision making process for this relocation.

Our charge is to provide a community voice in land use issues in our area and believe we should have been involved and could have provided valuable input.

Respectfully,

Pat Stark
Chair, Downtown Community Planning Council
